Gallatin

'56

Foreword

In the days to come we hope this yearbook will grow in value to you, the students who make up Gallatin.

As you leaf through this 1956 Gallatin, you will remember and recall, for many years to come, the hectic years of your high school and the life of happiness it has brought to you.

We of the Annual Staff sincerely hope that the '56 Gallatin will help you relive your high school days. May the memories of your school life be focused more clearly through the story this book tells.

We wish to acknowledge the splendid help and cooperation given us by our annual advisor, Mr. Peck, Mr. Linfield, Mr. Schlechten, Mr. Hollier, and to the students themselves who made this Annual possible.

Dedication

To the town of Bozeman and the Gallatin Valley we respectfully dedicate our 1956 Gallatin.

For here, surrounded by the snow-capped peaks, we have grown up. Here we have been given encouragement, education, and help.

We deeply appreciate all that the Valley offers us—recreation, opportunity, and the future.

Our roads to this future lie along different paths, but though we leave, a part of us will always remain.

In appreciation for all that we have experienced here, we can only offer our youth—the youth that is America.

The 1956 "Gallatin" is an historical account of the events of the past year in Gallatin County High School. The year has been a busy schedule of activities and work for our entire student body.

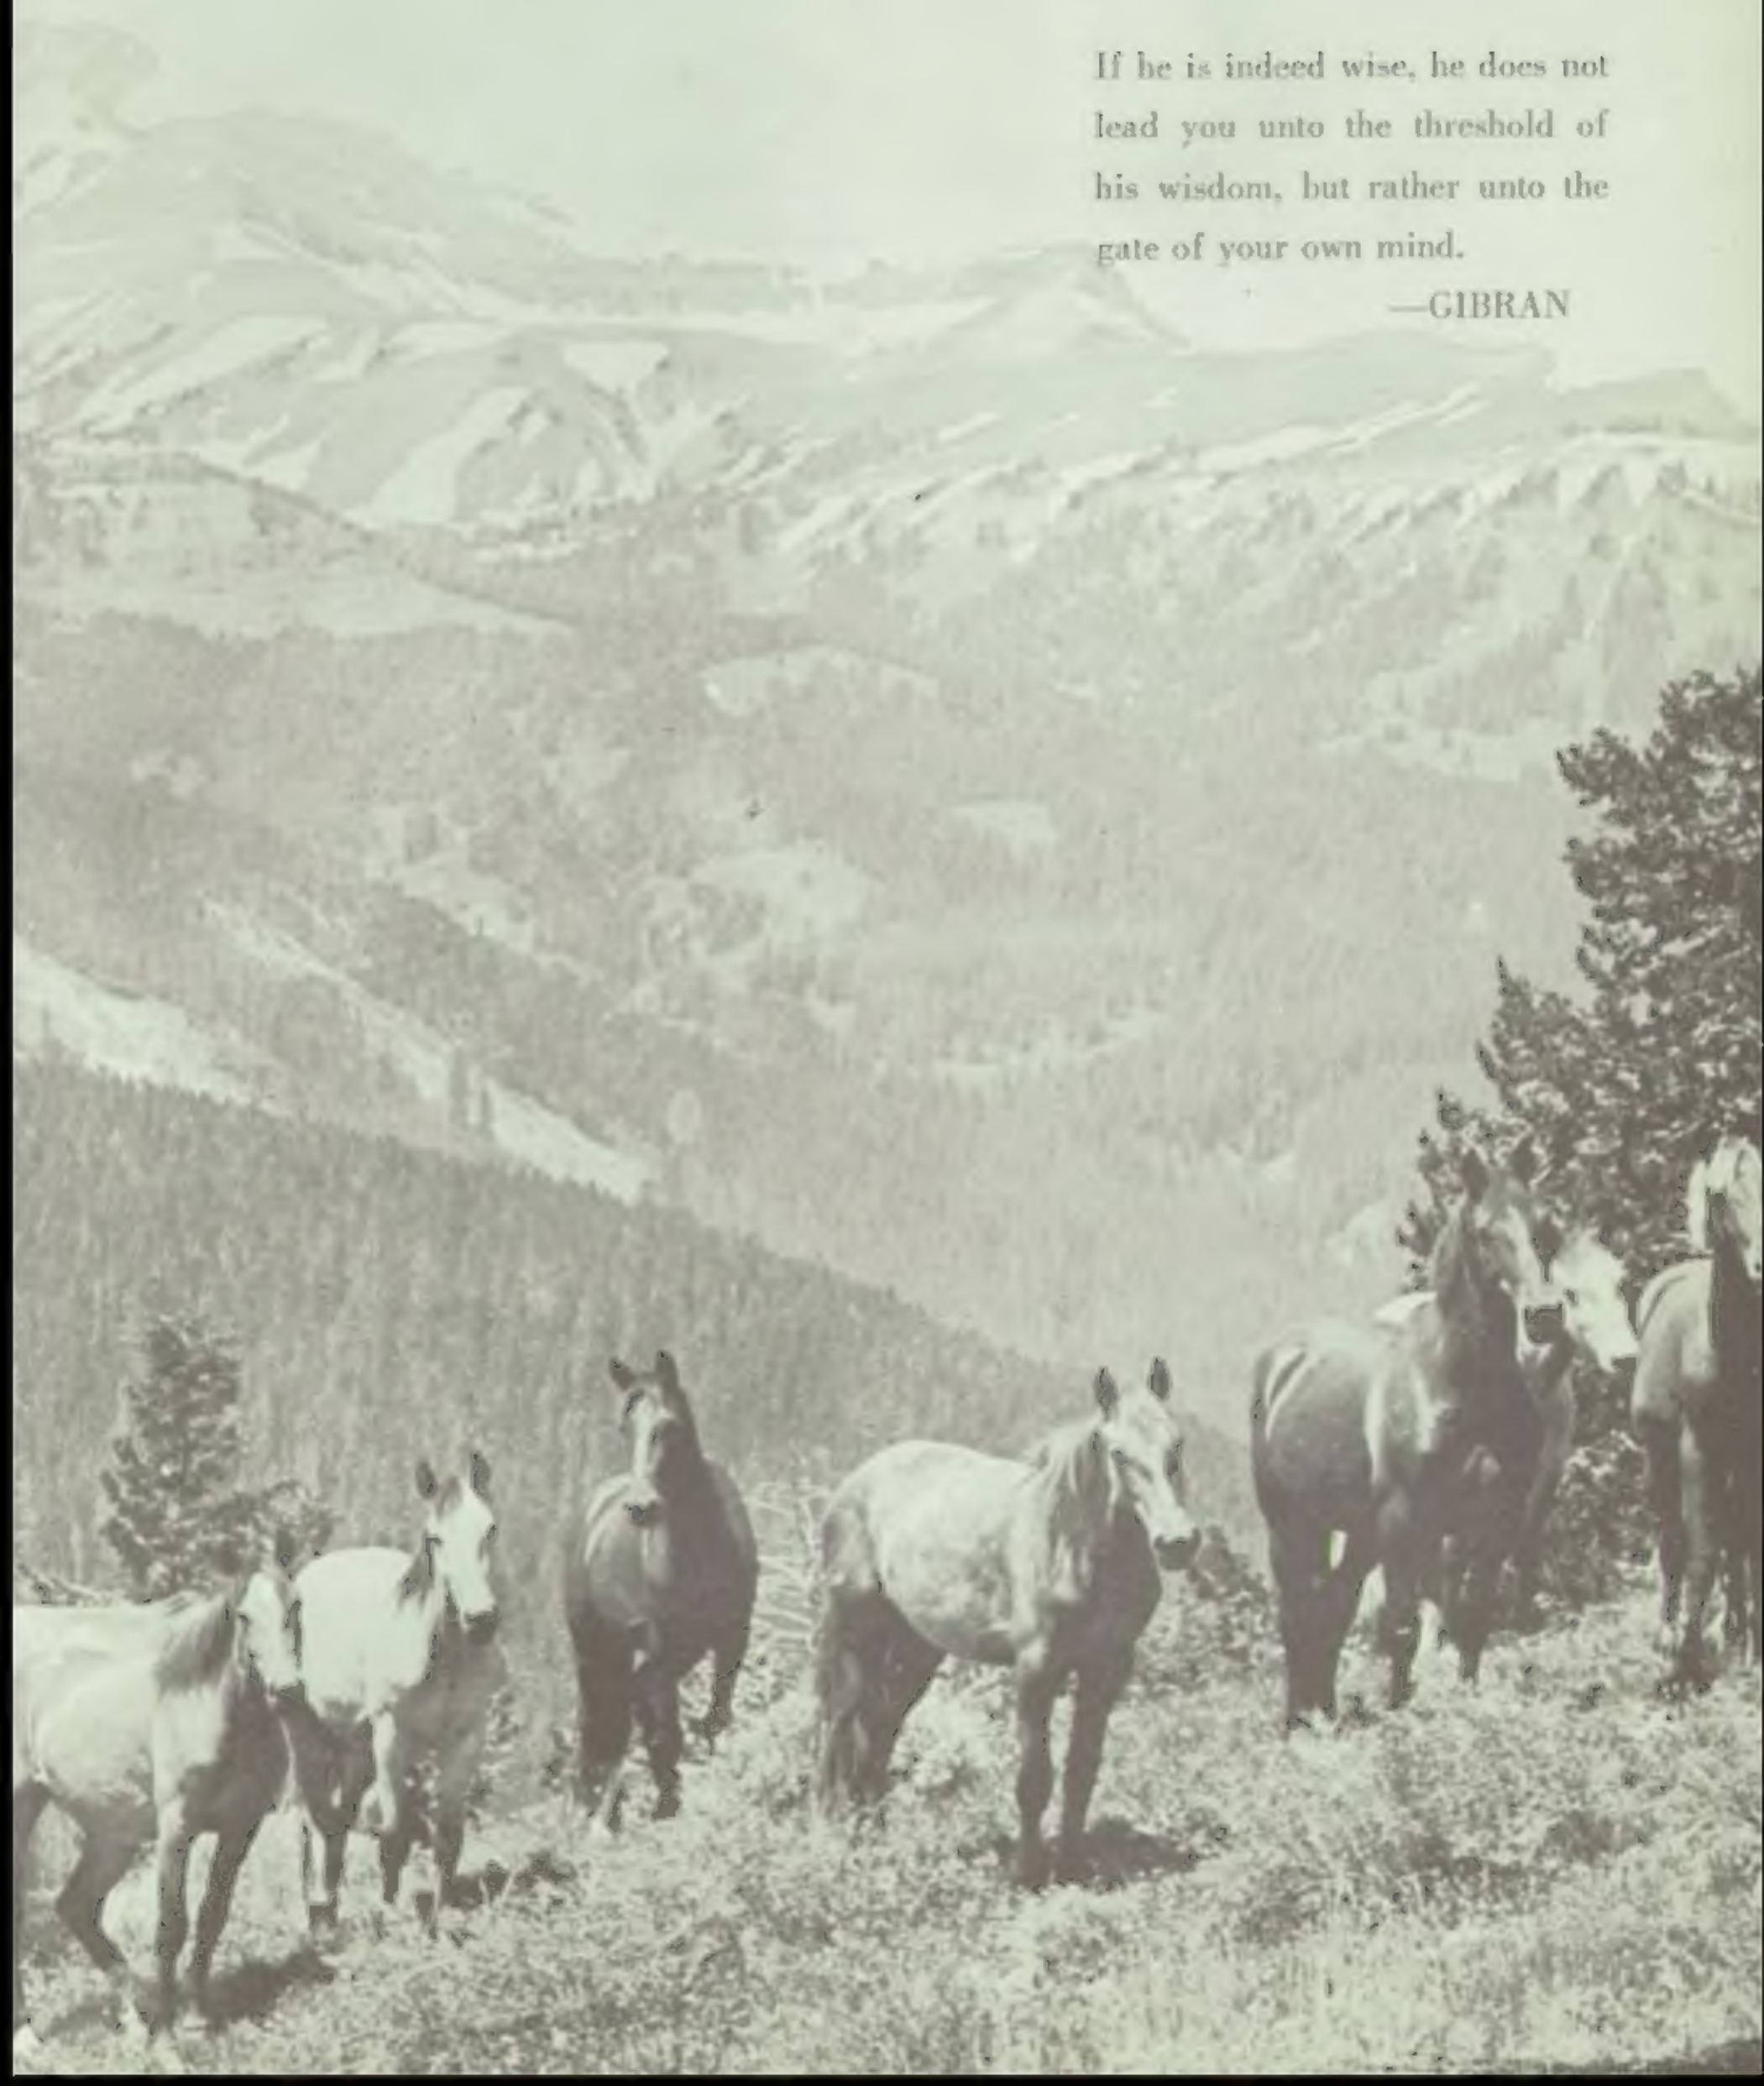

We hope it has been profitable as well as enjoyable; that students will look back and recall this year as one of the best years of their high school experience.

Senior History

I am the spirit of the class of '56. Four years of high school have molded me into what I am. For I am 170 united, magnificent seniors. You can glimpse me anywhere work is to be done, fun is to be found, memories are being stored. I am white backs, tucked-in sweater, bop and jitterbug, capri pants, white "G" Club sweater, noisy car, and all else which sets the fashion for G.C.H.S.

The day long ago passed since I was a meek and humble frosh. The lipstick and humiliation faded quickly, but the good times will always remain. I was the "B" Squads, the twirlers, the FFA Band and Concert Choir also played a leading role. Then there was Gallawampus and to me this was better than Broadway. I dated upperclassmen, or sat and watched at the mixers. Everything I entered became fresh with youth. Noise and fun were my nicknames.

Then, strangely enough, I became a sophomore. I joined all activities, never sat still, followed the example of the "wise elders." But I was coming into my own. Again there was Gallawampus and "It Pays to Advertise." I went steady, skied, contributed to Scribbangs. Never missed a chance to do anything. I became a class of athletes and leaders.

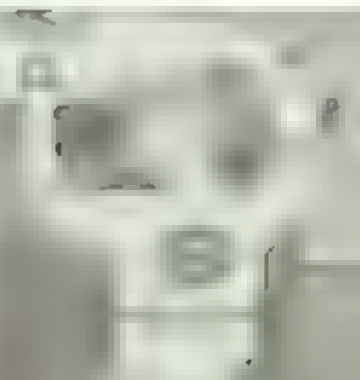

Juniors, and I was an upperclassman. I chose my class ring. There was "See How They Run" and "Arsenic and Old Lace." I began to go to the Nite Hawk at noon and learned how to jitterbug, and joined Pep Club. My boys on the "A" squad helped Gallatin to a 5-2-1 record. I learned what I was made of when a boy named Rip left. I became Montana high school Champs with my ski team. I was the basketball and track teams. I went to my first State Tournament in years. Then to Interscholastic and took all honors for Gallatin's play. I participated in debate, and music festivals. But the big thing in my junior year was the Prom. As the tension rose and deadline approached, tempers snapped. But we made it and gave the seniors the best Prom in the history of Gallatin. "The Mardi Gras" was hard work but certainly worth it.

Suddenly, all too soon, I'm a senior. I begin to realize that this is ending. The future is fast approaching and decisions must be made. I choose my caps and gowns. I plan assemblies, lead the football and basketball teams through a tough first year as members of the Big Ten. In basketball, I am the best team in the state. I take senior tests, sponsor dances, become accustomed to noisy "wee Ones." National Honor Society, part time jobs, talent show, wrestling, trips to games, ag projects, are all part of my schedule. I have good times but realize my responsibilities. Once again I am a class instead of individuals. I have senior parties—the greatest. I put out the paper and Annual. All in all I'm a very busy ghost. But I am proud to be of the class of '56—for there will never be another class like mine.
